5 Machines

1 Shapes

Say the name of these shapes and the adjective that describes them.
eg It's a circle. It's circular or round

Word stress

Write the names of the shapes and adjectives and mark where the main stress falls.
eg circle circular triangle triangular

You can check your answers on page 113.

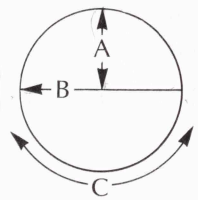

In a lot of English words the main stress falls on the third syllable back from the end.

eg tri | an | gu | lar
3 2 1

But be careful! There are a lot of exceptions to this rule.

2 Dimensions

1 Provide the missing words:
- A is the . . . of the circle
- B is the . . . of the circle
- C is the . . . of the circle

2 Say the dimensions in these diagrams.
eg The box is 10cm high. The height of the box is 10cm
